INTRO

You stand under the big tree and are relieved to see that everyone is fine. It's been only five minutes since your helicopter's engine broke down and you had an emergency landing in the middle of the tropical jungle! Fortunately the ancient script that speaks of the hidden Incan treasure is still intact. Junior Detectives, will you manage to follow the ancient directions and find the Incan treasure?

The first one is:

"Back and forth and through the air, look for a seat you push with your feet"

Did you guess where the direction points to? Let's go!!
