INTRO

The police finally managed to arrest Johnny and Clive, the notorious duo, but not before they hid their loot somewhere. We found a piece of paper in Clive's pocket and we think it's coded directions as to where their stash is. Junior Detectives, will you help us find the loot? Written on the paper is:

“When you got to clean the floor just use me you don't need more”

Did you find the solution? Let’s go and see if something is hidden there!
