INTRO

The great sorceress requested of the smartest and bravest knights of the kingdom to go deep inside the old forest. Follow my directions and bring me a feather of the magical peacock so I can craft the spell that will cure the **King's persistent heartburn**.
The first instruction is: "I'm very popular in the kitchen, most of the foods go well with me. I can be soft, hard or crispy, biting a slice off ain't risky"
